

Ronald George Smith

My name is Ronald Smith. It is with gratitude and appreciation that I seek nomination for Town Council. My spouse and I moved to Gravelbourg May 1, 2022. I first visited Gravelbourg in 1966 as part of a Student Exchange program between Saskatchewan and British Columbia. I am a retired school Teacher/Principal having taught for 30 years in British Columbia. I was an RCMP Auxiliary in Prince George .and prior to that a Town Councilor for the Village of Chetwynd. BC. I bring to Gravelbourg extensive business knowledge as I owned Stirling Security Inc. providing Hospital security services for 15 years to Prince George Regional Hospital. I wish to promote in Gravelbourg, my community, the sense of

unity and cohesiveness so necessary during times of big government. This community, like many iconic Canadian small towns, has an incredible history that remains alive in its' residents. A Town Council united in purpose needs to promote the history of what has been and be prepared_ to embrace what will be by creating a clear vision of possibility. To make this happen, purpose... planning and reaching for that defined possibility is essential. Gravelbourg can do this. A united purposeful Council can do this.
